INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Food Bank of the Rockies, Inc.
Denver, Colorado

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

We have audited the accompanying consolidated financial statements of Food Bank of the Rockies, Inc. and subsidiary (the "Organization"), which are comprised of the consolidated statements of financial position as of June 30, 2017 and 2016, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Food Bank of the Rockies, Inc. and subsidiary as of June 30, 2017 and 2016, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

OTHER MATTERS

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The schedule of Wyoming revenue and expense activities and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

OTHER REPORTING REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2017, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Note 1 - Organization and Summary of Significant Accounting Policies

Organization

Food Bank of the Rockies, Inc. ("FBR") is a Colorado non-profit corporation organized to solicit, collect, and distribute food to those in need of assistance through non-profit member agencies.

FBR is a member of Feeding America. Its service area includes 30 counties in Northern Colorado and the entire state of Wyoming.

FBR contracted with the state of Colorado during fiscal years 2017 and 2016 for administration of four United States Department of Agriculture ("USDA") programs for Northern Colorado: The Emergency Food Assistance Program ("TEFAP"), the Commodity Supplemental Food Program ("CSFP"), the Child and Adult Care Food Program ("CACFP"), and the Summer Food Service Program ("SFSP"). FBR also contracts with the state of Wyoming for administration of TEFAP, SFSP, and the National School Lunch Program ("NSLP").

Under the NSLP contract, FBR distributed USDA commodities to 97 schools in Wyoming for recipients who qualify for free and/or reduced-price school lunches.

TEFAP provides for the distribution of nutritious food to low-income residents upon self-declaration of need. FBR distributes TEFAP commodities to 116 Eligible Recipient Agencies ("ERAs") throughout Northern Colorado and to 36 ERAs in Wyoming.

CSFP works to improve the health of low-income seniors over 60 years of age by supplementing their diets with nutritious USDA commodity foods. Those eligible must meet income guidelines established by the state of Colorado (which is 130% of the Federal Poverty Income Guidelines), establish local residency requirements, and be able to provide identification issued by a state or federal agency. FBR is allocated to serve up to 7,510 CSFP recipients monthly at 148 ERA sites throughout the 30-county service area.

Both CACFP and SFSP are administered by the Programs Department with meals for low-income children at their 80 Kids Cafe sites. Kids Cafe programs serve meals to children at risk of hunger at locations offering recreation, tutoring, and mentoring programs. Also, through CACFP, the After-School Snacks Program supplies snacks to sites providing after-school tutoring to low-income students. Although not a federal program, FBR's Totes of Hope™ program is designed to meet the needs of hungry children at times when other resources are not available, such as weekends and school vacations. Children in the Totes of Hope™ program discreetly receive a backpack filled with food each Friday to take home for the weekend. FBR distributes 5,500 totes per week.

Food Bank of the Rockies Endowment Fund ("FBREF") is a Colorado non-profit corporation organized for the sole purpose of holding, operating, and managing an endowment fund.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of FBR and its subsidiary, FBREF (collectively, the "Organization"). All intercompany accounts and transactions have been eliminated in consolidation.

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

Basis of Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

> Unrestricted net assets are those currently available at the discretion of the Organization's Board of Directors (the "Board") for use in the Organization's operations and those resources invested in property and equipment.
>
> Temporarily restricted net assets are monies restricted by donors specifically for certain time periods, purposes, or programs.
>
> Permanently restricted net assets are assets that must be maintained permanently by the Organization as required by the donor, but the Organization is permitted to use or expend part or all of any income derived from those assets.

Recently Issued Accounting Pronouncements

In August 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-14, *Not-For-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. The amendment reduces the classes of net assets to net assets with donor restrictions and net assets without donor restrictions; removes the reconciliation of cash flows to the indirect method if using the direct method; requires the reporting of investment returns, net of expenses, with no disclosure of netted expenses required; requires the use, in the absence of explicit donor stipulations, of the placed-in-service approach for reporting expirations of restrictions on cash or other asset donations; and requires disclosure of expenses by both their natural and functional classification on the face of the statement of activities, as a separate statement, or in the notes to the financial statements. In addition, the amendment provides enhanced disclosures on amounts and purposes of board designations and appropriations, composition of net assets with donor restrictions, discussion of liquidity for the year following year-end, discussion of liquidity of financial assets at year-end, methodology used to allocate costs between program and support functions, and underwater endowment funds. The amendment is effective for the Organization for the year ending June 30, 2019 with early adoption allowed. Entities should apply the amendment in this update retrospectively to all periods presented.

The Organization is currently evaluating the impact of the pending adoption of the new standard on the consolidated financial statements.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents, unless held for reinvestment as part of the investment portfolio or otherwise encumbered.

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

Restricted Cash

Restricted cash represents contributions that have been received but have not been expended for their restricted purpose.

Agency Support Fees Receivable

Balances represent agency support fees that have not yet been collected. The Organization provides an allowance for doubtful accounts, which is based upon a review of outstanding receivables, historical collection information, and existing economic conditions. Delinquent receivables are written off based on the specific circumstances of the agencies. As of June 30, 2017 and 2016, the Organization reserved an allowance for doubtful accounts of $15,500.

Pledges Receivable

Pledges receivable that are expected to be collected within one year are recorded at their net realizable value and those that are expected to be collected in future years are recorded at the present value of estimated future cash flows. As of June 30, 2017 and 2016, there were $182,950 and $274,425 in pledges receivable outstanding, respectively. The Organization expects that all promises to give are fully collectible; accordingly, there was no allowance for uncollectible pledges receivable. Payments of $91,475 will be paid to the Organization during each of the fiscal years ending June 30, 2018 and 2019. No discount has been recorded related to the pledge receivable, as the amount was determined to be insignificant.

Contracts Receivable

Balances represent amounts due from the state of Colorado for contracted services. The Organization provides an allowance for doubtful accounts, which is based upon a review of outstanding receivables, historical collection information, and existing economic conditions. Delinquent receivables are written off based on the specific circumstances. As of June 30, 2017 and 2016, the Organization expects that all contracts receivable will be fully collectible; accordingly, there is no allowance for contracts receivable.

Investments

The Organization reports investments in equity securities with readily determinable fair values and all investments in debt securities at their fair values with unrealized gains and losses included in the consolidated statements of activities. Certificates of deposit are recorded at amortized cost.

Food Inventory

Donated food inventory is valued at an average of the national wholesale prices as determined by Feeding America. Purchased food is valued at the cost of products purchased as determined by the first-in, first-out method. Donated commodities inventory received from the USDA is valued based on prices provided by the USDA.

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

Property and Equipment

Property and equipment with unit costs of $5,000 or more are capitalized at cost if purchased and at fair value if contributed. Depreciation of property and equipment is computed on the straight-line method based upon the estimated useful lives of the assets, which range from 1 to 30 years.

Long-Lived Assets

The Organization reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recovered. The Organization looks primarily to the undiscounted future cash flows in its assessment of whether long-lived assets have been impaired. As of June 30, 2017 and 2016, no impairment was required to be recognized.

Contributions

Contributions are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Contributions are recognized when cash or ownership of donated assets is unconditionally promised to the Organization. Amounts of temporarily restricted contributions are subsequently released to unrestricted net assets when expenses have been incurred in satisfaction of those restrictions.

Donated Services

During the years ended June 30, 2017 and 2016, volunteers from the community donated approximately 122,800 and 136,300 hours, respectively, which were valued based on industry standards at approximately $3,189,000 and $3,528,000, respectively, to assist the Organization in achieving the goals of its programs; however, no value for these services has been recorded in the accompanying consolidated financial statements, as specialized skills were not required.

Deferred Revenue

Registration fees and other receipts relating to future years are deferred and recognized as revenue in the applicable future period when the related expenses are incurred.

Donated Food and Commodities

The Organization receives donated food and commodities from local area merchants, the USDA, and Feeding America.

During the year ended June 30, 2017, FBR received and distributed approximately 43,700,000 pounds of donated usable food. During the year ended June 30, 2016, FBR received and distributed approximately 42,400,000 and 41,000,000 pounds, respectively, of donated usable food. As of June 30, 2017 and 2016, donated food inventory consisted of approximately 2,775,000 pounds at an average value of $1.73 per pound and approximately 2,731,000 pounds at an average value of $1.67 per pound, respectively. The inventory value is determined by Feeding America.

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

Donated Food and Commodities (continued)

During the years ended June 30, 2017 and 2016, FBR received approximately 10,500,000 and 12,800,000 pounds of commodities, respectively, and distributed approximately 9,900,000 and 13,000,000 pounds of commodities, respectively.

FBR purchases high-protein foods to supplement contributed food. As of June 30, 2017 and 2016, purchased food inventory was $418,111 and $723,901, respectively.

Agency Support Fee Revenue

For the years ended June 30, 2017 and 2016, agencies in Colorado supported FBR with a maximum fee of $0.10 per donated pound on selected categories of donated products to partially offset the handling and redistribution costs incurred by FBR. For the years ended June 30, 2017 and 2016, agencies in Wyoming supported FBR with a maximum fee of $0.19 per donated pound. Fees during 2017 and 2016 were based on the types of product distributed. The average support fee per donated pound was approximately $0.020 and $0.023 for the years ended June 30, 2017 and 2016, respectively, with approximately 43,700,000 and 41,000,000 donated pounds distributed for the years ended June 30, 2017 and 2016, respectively. The Organization distributed approximately 32,200,000 and 27,400,000 pounds at no fee in the years ended June 30, 2017 and 2016, respectively.

Functional Expenses

Expenses incurred directly for a program service are charged to such service. Accordingly, certain costs are allocated among the program and supporting services benefited based on the time expended, space utilized, or by another rational basis.

Income Taxes

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the "Code"). The entities within the Organization are not private foundations within the meaning of Section 509(a) of the Code.

The Organization applies a more-likely-than-not measurement methodology to reflect the consolidated financial statement impact of certain tax positions taken or expected to be taken in a tax return. After evaluating the tax positions taken, none are considered to be uncertain; therefore, no amounts have been recognized as of June 30, 2017 and 2016.

If incurred, interest and penalties associated with tax positions are recorded in the period assessed as administration and general expense. No interest or penalties have been assessed as of June 30, 2017 or 2016.

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue, expenses, gains, losses, and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain amounts in the 2016 consolidated financial statements have been reclassified to conform to the 2017 presentation.

Subsequent Events

The Organization has evaluated all subsequent events through the auditors' report date, which is the date the consolidated financial statements were available to be issued.

Note 2 - Endowment

The Organization's endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors of FBREF to function as an endowment. As required by accounting principles generally accepted in the United States of America, net assets associated with the endowment are classified based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Board of Directors of FBREF has interpreted the Colorado Uniform Prudent Management of Institutional Funds Act of 2006 ("UPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of initial gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

Note 2 - Endowment (continued)

Interpretation of Relevant Law (continued)

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

(1) The duration and preservation of the fund
(2) The purposes of the Organization and the donor-restricted endowment fund
(3) General economic conditions
(4) The possible effect of inflation and deflation
(5) The expected total return from income and the appreciation of investments
(6) Other resources of the Organization
(7) The investment policies of the Organization

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to support future activities while seeking the proper balance of preservation of capital. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for a donor-specified period(s), as well as Board-designated funds. Under this policy, as approved by the Board of Directors of FBREF, the endowment assets are invested in a manner that seeks a total annual return approach of the endowment and appropriate capital market measures, such as securities indices, while assuming a moderate level of investment risk. The Organization expects its endowment funds to provide an average rate of return of approximately 7% to 10% over the long term. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on optimal allocation of stocks and bonds, in which investment returns are achieved through bonds to satisfy current income requirements and control volatility, common stock to generate capital, and income growth to preserve and enhance the endowment. The Organization targets a diversified asset allocation that places a greater emphasis on fixed-income investments to achieve its long-term return objectives within prudent risk constraints. The Board of Directors of FBREF is responsible for selecting the asset mix and managers for the endowment. The asset allocation target ranges are as follows:

Equities	40% - 60%
Fixed income (including cash reserves)	40% - 60%
Cash reserves	As required

Spending Policy and How the Investment Objectives Relate to Spending Policy

Distributions from the endowment fund will benefit the Organization and other approved organizations as determined by the Board of Directors of FBREF. For the years ended June 30, 2017 and 2016, distributions available to the Organization were reinvested in the endowment fund.

Total	$ 11,405,330	$ 11,921,048

Note 4 - Line-of-Credit

The Organization has a $1,000,000 line-of-credit with a bank, which is collateralized by the Denver headquarters building. Interest accrues at the greater of the prime rate or 4.25% (4.25% at June 30, 2017) and matures in June 2018. There was no outstanding balance due on the line-of-credit at June 30, 2017 or 2016. Subsequent to year-end, the Organization entered into an agreement to extend the line-of-credit with a maturity date of August 2020.

Note 5 - Long-Term Debt

Long-term debt consists of the following:

	June 30, 2017	June 30, 2016
Note payable to a bank with interest of 4%. The note calls for monthly payments of $13,203, matures in June 2025, and is collateralized by a deed of trust on property owned by the Organization. The note agreement also subjects the Organization to certain financial covenants.	$ 1,080,795	$ 1,192,888
Notes payable to a finance company with no interest. The notes call for monthly payments of $871, mature in May 2018, and are collateralized by the vehicles financed by the notes payable.	9,583	20,037
	1,090,378	1,212,925
Less current portion	(126,371)	(122,578)
Long-term portion of notes payable	$ 964,007	$ 1,090,347

Maturities of long-term debt are as follows:

Year Ending June 30,	
2018	$ 126,371
2019	121,581
2020	126,520
2021	131,832
Thereafter	584,074
	$ 1,090,378

Note 6 - Capital Leases

The Organization has acquired assets under the provisions of long-term leases. For financial reporting purposes, minimum lease payments relating to the assets have been capitalized in property and equipment. Under those various leases, total monthly payments range from $1,165 to $11,223. All leases are collateralized by the related assets. The leases expire between September 2017 and July 2020. Amortization of the leased property is included in depreciation and amortization expense.

Note 6 - Capital Leases (continued)

The assets under the capital leases have costs and accumulated amortization as follows:

	June 30, 2017	June 30, 2016
Equipment	$ 425,731	$ 425,731
Less accumulated amortization	(150,435)	(91,344)
Capital leased assets, net of accumulated amortization	$ 275,296	$ 334,387

Maturities of the capital lease obligations are as follows:

Year Ending June 30,	
2018	$ 58,880
2019	13,980
2020	13,980
2021	1,147
Total minimum lease payments	87,987
Amount representing interest	(3,394)
Present value of net minimum lease payments	84,593
Less current portion	(56,923)
Long-term capital lease obligations	$ 27,670

Note 7 - Restricted Net Assets

The temporarily restricted net assets represent the net proceeds of donations that have been restricted by the donors to be used only for the following purposes:

	June 30, 2017	June 30, 2016
Food for distribution	$ 6,397,775	$ 5,769,170
Unappropriated endowment earnings	283,562	69,370
Other restrictions	863,177	551,927
	$ 7,544,514	$ 6,390,467

For additional information on permanently restricted net assets, refer to Note 2.

Note 8 - Fair Value Measurements and Investments

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Quoted prices in active markets that are accessible at the measurement date for assets or liabilities;

Level 2: Observable prices that are based on inputs not quoted in active markets but corroborated by market data; or

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The determination of where assets and liabilities fall within this hierarchy is based upon the lowest level of input that is significant to the fair value measurement. These classifications (Levels 1, 2, and 3) are intended to reflect the observability of inputs used in the valuation of investments and are not necessarily an indication of risk or liquidity.

Following is a description of the valuation methodologies used for assets measured at fair value:

Equities and mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate and municipal bonds and commercial paper: Valued based on yields currently available on comparable securities of the issuer or other issuers with similar credit ratings.

Financial assets carried at fair value as of June 30, 2017 are classified in the table below in one of the categories described above:

Description	Level 1	Level 2	Level 3	Total
Corporate bonds	$ -	$ 824,198	$ -	$ 824,198
Municipal bonds	-	367,761	-	367,761
Equities	1,130,647	-	-	1,130,647
Equity mutual funds	322,602	-	-	322,602
Commercial paper	-	999,626	-	999,626
Total assets at fair value	$ 1,453,249	$ 2,191,585	$ -	$ 3,644,834

Note 8 - Fair Value Measurements and Investments (continued)

Financial assets carried at fair value as of June 30, 2016 are classified in the table below in one of the categories described above:

Description	Level 1	Level 2	Level 3	Total
Corporate bonds	$ -	$ 769,027	$ -	$ 769,027
Municipal bonds	-	406,193	-	406,193
Equities	1,013,731	-	-	1,013,731
Equity mutual funds	242,887	-	-	242,887
Total assets at fair value	$ 1,256,618	$ 1,175,220	$ -	$ 2,431,838

Investments on the consolidated statements of financial position include cash, money market funds, and certificates of deposit totaling $3,816,572 and $4,061,141 at June 30, 2017 and 2016, respectively, that are not subject to fair value classification reporting requirements.

Investment return consists of the following:

	For the Years Ended June 30,	
	2017	2016
Realized and unrealized gains	$ 213,376	$ 71,860
Interest from certificates of deposit	17,410	11,176
	$ 230,786	$ 83,036

Note 9 - Commitments and Contingencies

Operating Lease

The Organization leases a facility under a non-cancelable operating lease that expires May 2021. Rent expense for the years ended June 30, 2017 and 2016 was approximately $157,000 and $131,000, respectively.

Future minimum lease payments under this lease are approximately:

Year Ending June 30,	
2018	$ 166,000
2019	171,000
2020	176,000
2021	165,000
	$ 678,000

Note 9 - Commitments and Contingencies (continued)

Government Contracts

The Organization receives certain reimbursements from contracts with various governmental agencies. The disbursement of funds received under these contracts generally requires compliance with the terms and conditions specified in the contracts and is subject to audit by the contracting agencies. However, management believes that the amount of changes to these contracts that may be disallowed from any such audits would not have a significant impact on the consolidated financial statements; accordingly, no provision has been made in the consolidated financial statements for any liability that may result.

Note 10 - Retirement Plan

The Organization has a retirement plan under Code Section 401(k). Under the retirement plan, employees who work at least 1,000 hours per year are eligible to participate, at which time the Organization will contribute 3% of the employee's earnings. The Organization contributed $164,009 and $158,768 to the retirement plan in fiscal years 2017 and 2016, respectively.

Note 11 - Direct Mailing

Direct mail produced the following results:

	For the Years Ended June 30,	
	2017	2016
Direct mail contributions	$ 3,042,937	$ 3,002,385
Direct mail expense	(735,095)	(778,032)
Net direct mail contributions	$ 2,307,842	$ 2,224,353

Note 12 - Subsequent Events

During the year ended June 30, 2017, the Organization entered into a letter-of-intent to purchase a building in Evansville, Wyoming, for $1,850,000, which will be financed through a USDA loan.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Food Bank of the Rockies, Inc.
Denver, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Food Bank of the Rockies, Inc. (the "Organization") (a non-profit organization), which are comprised of the consolidated statements of financial position as of June 30, 2017, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated September 19, 2017.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Directors
Food Bank of the Rockies, Inc.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit; accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standard*s.

PURPOSE OF THIS REPORT

The purpose of this report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

We have audited Food Bank of the Rockies, Inc.'s (the "Organization") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended June 30, 2017. The Organization's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Organization's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

To the Board of Directors
Food Bank of the Rockies, Inc.

Opinion on Each Major Federal Award

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

PURPOSE OF THIS REPORT

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards

(1) Method of Accounting

The accompanying schedule of expenditures of federal awards has been prepared on an accrual basis. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.*

(2) Subrecipients

Food Bank of the Rockies, Inc. (the "Organization") provided federal awards to subrecipients under the Emergency Food Assistance Program, Federal CFDA Number 10.569, and the Commodities Supplemental Food Program, CFDA Number 10.565, in the amount of $4,191,336 and $1,684,966, respectively, during the year ended June 30, 2017.

(3) Food Distribution

Non-monetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed. As of June 30, 2017, the Organization had food commodities totaling $1,596,225 in inventory.

(4) Reconciliation to Consolidated Financial Statements

The Organization receives restricted grants from other sources in addition to its federal awards. The following analysis reconciles expenditures in the accompanying schedule to revenue reflected in the Organization's consolidated financial statements for the year ended June 30, 2017:

Government grants and contract revenue	
Federal grant revenue/expenditures	$ 2,976,678
Non-federal grants and contracts revenue	229,636
	$ 3,206,314

(5) Indirect Cost Rate

The Organization did not elect to use the 10% de minimis indirect cost rate.
